Dear Priyanshu Kumar,

We are pleased to offer you the position of MERN Stack Developer Intern at OmniDataX, effective 8th February 2025. This internship provides an exciting opportunity to work on real-world projects and enhance your skills in MongoDB, Express.js, React.js, and Node.js.

Responsibilities:

- Assist in developing and maintaining web applications using the MERN stack.
- Collaborate with the development team to implement new features.
- Support debugging, testing, and optimizing code for performance.
- Learn and apply best practices in web development.
- Stay updated with the latest trends in full-stack development.

What We Offer:

- Hands-on Learning: Gain practical experience by working on live projects.
- Mentorship & Growth: Work with experienced professionals committed to your development.
- Flexible Work Arrangements: Enjoy a remote work setup with adaptable working hours (within reason).
- Opportunity for Full-Time Role: Based on your performance, there is potential for a full-time position at OmniDataX.

To Accept This Offer:

Please sign and return this letter to confirm your acceptance. The internship is contingent on the successful completion of a background check.

We are excited to welcome you to the OmniDataX team and look forward to your contributions!

Sincerely

Founder and CEO
